Saturday Special!

Sanitary New Feather Pillows

Guaranteed to contain nothing except clean, sanitary new feathers.

Here we are again with another big new feather pillow, special for Saturday, \$1.25 a pair pillows at 43c each.

The last sale we had on this same pillow, we sold 50 pairs before the day was over and some were disappointed when they came and found the pillows all sold.

For this sale we have 100 pairs, 200 pillows, size 17x25, fancy art ticking and a regular 1.25 a pair pillow, at

43c each — for Saturday only

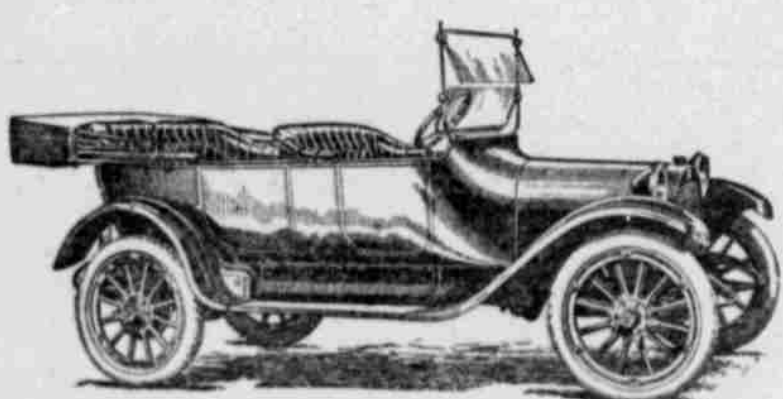

You would not buy second-hand clothing; Aside from its having been used, from the chance of infection, it's a bad bargain—its best wear is gone. Second-hand feathers are as poor a bargain. They soon lose the resiliency that gives sleeping comfort.

All these pillows contain nothing but absolutely new feathers. They will hold their resilient comfort-giving qualities against years of the hardest wear.

Special for Saturday—Pillows at 43c each

TALK OF THE TOWN

New wash silk waists at Abbott's. Skirt and waist sale at Fitts' to-day. Special silk petticoat values at Abbott's.

Have you noticed those house dresses for \$1.19 at Perry's? A son was born March 19 to Mr. and Mrs. B. J. Dunkling of Currier street. The McWhorter Co. have just received a well line of negligee, shifts. See their window.

Mrs. D. M. Barclay and two children of Franklin street went to Randolph today for a visit of several days.

Miss Eva A. Bisbee and Clarence Bisbee went to their home in Waitsfield today for a visit of several days.

Miss Bernice Hoar of East street and Miss Evelyn Bagbee of Washington street left this morning for a ten days' visit in Boston.

Miss Edna H. Ramage, of Camp street, a teacher in the Ayers street school, left this morning for a two weeks' visit with relatives in West Somerville, Mass.

The F. M. F. 500 club and their substitutes were very pleasantly entertained yesterday afternoon at the home of Mrs. Etta Leonard, the president of the club. Refreshments were served.

Walter Nadermann was taken yesterday from the City hospital, where he has been staying during the past three weeks, following an operation.

Dr. W. J. Atkinson of Derry, N. H., will speak at the Hedding church tomorrow evening. He will also give a short address at the Sunday school and will speak at the Berlin mission in the afternoon. He is a very interesting speaker and deserves a large audience.

Reports from the Heaton hospital in Montpelier indicate that Mrs. M. G. Sawyer, a former Barre woman who has many acquaintances in this city, is making a favorable recovery from the operation to which she submitted on Wednesday Mrs. Sawyer is a sister of Adolphus B. Gonyo of this city.

John Dickey, aged 72, returned to his home in East Barre yesterday, after being treated for some time at the City hospital. Mr. Dickey sustained a shock of paralysis seven weeks ago, and his left side was rendered useless. During his stay at the hospital, he has partially regained the use of that side of his body.

In connection with the school gardening work being carried on with the children of the Barre public schools, those in charge of the work would be glad to know if any adult gardeners in this vicinity are starting their vegetables in hot beds, that they may visit them and be better able to assist the children. If any market gardeners or others, starting their vegetables in this manner, will communicate with Mrs. W. F. Shepard, it will be much appreciated.

Youths who attempted to start fire by friction at the meeting of the boy scouts at the Methodist church last evening, competing for a prize of a dollar, offered to the one who should first be successful, had to admit their failure for the time being; but they are optimistic—one of them, at least—that they can perform the feat which the Indians were masters of. The fire has to be secured merely by the use of wood, in order to comply with the regulations of the competition; and so hardly did one of the contestants go about his work last evening that he raised a spark, but lost it before he could transfer it to a piece of punk which was supplied for easy ignition. They are to make another attempt next week, it is expected.

Fernando Calabrese of Foster street was arraigned before Magistrate H. W. Scott in city court last night on a breach of peace charge, to which he entered a plea of guilty and paid a \$3 fine, with costs of \$7.50 attached. Calabrese, an elderly man, who has been a familiar figure about town for a number of years, was arrested earlier in the day by Constable George L. Morris. The authorities, as well as relatives of the respondent, claim that he has been acting queerly of late. Yesterday the alleged breach of peace occurred when the man is said to have made trouble at the home of his daughter, Mrs. Colombo, on Foster street. At police headquarters, where Calabrese was taken soon after the arrest, a physician spent some time in examining him before he was taken into court.

James Allen, a west hill farmer, is suffering from the effects of a rather peculiar mishap, the outcome of which cannot be forecasted for several days. Early in the week, Mr. Allen was walking along the floor of his barn, when he stumbled on a board. In attempting to regain his balance, his foot encountered a nail, which penetrated the member to a depth of two inches. Mr. Allen hastened into the house and applied such simple remedies as were at hand and thought the wound would heal without undue attention. Later in the week his foot began to trouble him again, and yesterday, when he visited a physician in this city, he learned that the puncture made by the nail had become infected. He is able to walk with difficulty and to avert the possibility of any more serious consequences, he is going to give the foot a complete rest for a few days.

C. L. Bugbee's white delivery horse figured in a short-lived runaway this morning that was fraught with serious consequences, despite the fact that the distance traveled by the outfit before it came to a sudden halt is hardly great enough for even the fastest horse to become geared up to the speed limit. Contractor Bugbee left his staid standing at the curbing in front of the Howland block. A cold, raw wind from St. Cassaire, P. Q., bore down on the white one and when prospects for a change in the weather grew gradually darker instead of brighter, the horse essayed a short cut to shelter. Near the Western block it took to the sidewalk and thence to the lawn in front of the Wheelock block. Pedestrians sidestepped gingerly enough to avoid accident, and the white horse had extended itself for a long center apparently, when a granite post at the corner of the Vermont Fruit store loomed up ahead. A half-dozen people were getting ready to halt the horse, when the horse halted without their aid. Once the wagon became impaled on the post further progress was impossible.

Mr. Bugbee, who was in Depot square when the accident occurred, came along to find the rear end of his wagon, including both wheels nearly demolished, while the horse stood calmly at attention, surveying, as it seemed, the result of its own capricious run down the walk.

Are You Ready for Easter Sunday?

Have You Selected Your Spring Hat?

We told you some two weeks ago that Easter Hats would be worn on Easter Sunday in larger numbers than usual. The last few warm days has started the hat trade earlier than usual. We are ready to serve you now with a large assortment. Our opening will be announced in our next advertisement.

Children's Hats

Our full line of Children's Hats is now ready. This means that the largest assortment that we will have this season is now in our store.

Children's Hats are made up early, when help can be hired for less money than in the busy season. This is the reason that you can always buy Children's Hats for less money than paid for Ladies' Hats.

Children's Hats this season are better for the prices asked than last season.

We have the Babies' Caps at 25c, 39c, 50c, up to \$2.00. Babies' Muslin Caps at 50c and 75c are made of fine materials and have all of the style of more expensive Caps. In fact, one would have to look carefully to see very much difference. They are our best sellers.

There is a beautiful line of Children's Straw Hats for this season. Some of the best of these come in Colored Straws. You can buy a good one at from \$1.00 to \$1.50 each.

These Children's Hats for convenience are all carried on our first floor in the center of our store.

If you are not ready to buy and see a style that you would like or one that you would want later, we will lay it aside for you.

Boys and Girls' Poultry Club of Barre.

The boys and girls of Barre are now planning to hold their annual poultry exhibit this coming fall. The date of the show will be announced later. Prizes will be given to any boy or girl in Barre that raises this season the best cockerel or pullet and exhibits them at this show in the late fall.

Remember, they must be raised by the boy or girl that exhibits them, and not bought or loaned by another. Either money or ribbon prizes will be awarded on first and second prize birds of the following breeds:

First and second prize on R. I. Red cockerels (all varieties competing).
 First and second prize on R. I. Red pullets (all varieties competing).

First and second prize on R. I. Red pens of two pullets and one cockerel (all varieties competing).

First and second prize for the best matured cockerel in the show (all varieties competing).

First and second prize for the best matured pullet in the show (all varieties competing).

Disqualifications as recorded in the American Standard of Perfection will not be strictly carried out, at the same time, all birds will have to be reasonably good in every way.

Now is the time for boys and girls to get busy and make a try for some one of these prizes.

Cut this out of the paper, you will want to look it over again and make up your mind what part of these prizes you are to get.

Boys and girls who would like to get instructions as to how to care for birds, how to set the eggs and bring them up, will please send inquiries on Tuesday evening, March 23, at 7:30 o'clock in the Montpelier school building.

Let Us Help You to a Better Cup of Coffee

We are always looking for the best. We have spent a lot of time and money to make our Tea and Coffee Department the best.

We have got in touch with the best importers, people who have modern equipment and expert men to blend and roast Coffee. The quantity that we buy makes the price right.

We have just installed a new Royal Electric Coffee Mill, which cuts the Coffee, instead of crushing and squeezing the oil out, as in the old-style mill. This mill also pulverizes Coffee as fine as flour.

Any good Coffee can be spoiled in the making.

In order to help you get the best results from our Coffee, we have contracted for a large number of Aluminum Coffee Makers, which usually retail at \$1.50 to \$2.00. We are selling them to you for less than cost, because we want our Coffee made right.

As a special inducement to make Saturday a big Coffee day, we will make a special discount on any grade of Coffee of five cents a pound. Each pound of Coffee you buy, entitles you to buy this Aluminum Coffee Maker for only 99c.

Five cents per pound discount on Coffee and a Coffee Pot for 99c, Saturday only. These prices are net.
